Boulder City, NV 89006

Re: July 2, 2003 part 417 decision erratum

Mr. Johnson:

As you are aware, this office represents the Imperial Group. We are not taking any position at this time about the content of the decision, but are pointing out an apparent error. On page 28, you state that the Imperial Group represents 30,000 acres of land. Perhaps you found that number in an early letter in the voluminous record, e.g., September 2002. As the contemporary filings indicate, the representation has increased to 100,000 with an additional 100,000 supporting an allocation such as the decision later recommends. Recommendation 1: Water Measurement.

I am  
Sincerely,

PATRICK J. MALONEY
